Phase One

Limited Company

Our Mission

Quality IT projects delivery with high added value.
Helping our clients in their digital strategy.

Our Vision

Business needs for IT resources are changing rapidly with the constant arrival of new technologies. Phase One wants to be an actor of this new era called "Era of Digital Transformation".

Our Strategy

Phase One responds to this evolution by providing responsiveness, skills and "live" follow-up of the progress of your projects.

IT Consultancy & Digital Strategy

Client Satisfaction

- Professionals in critical environments
- Pragmatic approach
- Strong local partnership with our clients
- Transparent communication

Our added values

We bring you a great flexibility

Whether you need long or short term resources, Phase One has IT experts in Luxembourg, Belgium and France to meet your most specific needs.

We specialize in the following areas :

- Strategic IT projects management
- Recovery of IT projects in difficulty
- Interim Leadership
- IT Consultancy
- Team building with our clients
- Increase of your visibility on the Internet, social networks.
- Digital strategies implementation

The Phase One methodology

All of our experts are certified and bring with them our proprietary toolbox of best practices, processes, templates, metrics and dashboards.

So not only you benefit from experts with an average of 15 years of experience, but you also benefit from the support of Phase One's intellectual property. You are assured of quality deliverables.

Our Resources :

- Program & Project Managers
- PMO Consultants
- Coaches
- IT Engineers & Administrators
- Communication experts
- Experts in IT profiles recruitment
